Windham Supports Ft. Rucker Organization

Windham Power Lifts, Inc. of Elba, Ala., is a new corporate member of the Bogardus S. Cairns Chapter, Association of the U.S. Army, Ft. Rucker.

City Politics Open With Three Mayor Candidates

At press time this week there were no surprise entries on the local political scene. Three announced candidates for mayor qualified the first day for re-election. Several others are rumored to be eyeing the office including one woman who told this newspaper she had a number of people encouraging her and her husband was not opposed to her running.

The council races are less active initially with someone qualified in every place, four incumbents and Place four Ben Carpenter has qualified for re-election to Place Five. He too, is serving his first term in elective public office, having won in a run-off race four years ago. Carpenter is opposed by Marvin McCollough. Qualifying opened Tuesday, June 15, and will continue daily until 5 p.m. July 6. There is no fee for qualifying.

Donnie Morrow, who stated in this newspaper months ago that he would be a candidate for the City Council has backed up on that statement. While he still contends he would like to serve again, he is adopting a wait and see attitude. However, he did say that would definitely run if any race ended up the last day with only one person running. Morrow said, "The people deserve a choice in any race, even if I was the only candidate."

SAWYER HANDS QUALIFYING PAPERS TO PRESCOTT

Elba army descended on Elba one day last week with the sole purpose of solving the mosquito problem within the city limits. After viewing the community and paying particular attention to the old Beaver Dam Creek bed the group departed

to make their reports and decide which agency can better help Elba. Informally then expressed opinions that it would take the combined efforts of several state and federal agencies to cope with the problem. Pictured above are Jack Honeycutt, Alabama Department of Public Health; Richard M. Keith, Soil Conservation Service; Jack Prescott, Elba City Clerk; Richard Brown, Coffee County Health Officer; J. W. Woodley, U. S. Corp. of Engineers; and Donald Johnson, Southeast Alabama Regional Development.

Commissioners Support Ball, Borrow Money

The Coffee County Commissioners met Monday in Enterprise. All members of the Commission were present for the morning part of the meeting. Commissioner Albert Dyess didn't return after lunch. The first item of business was a road complaint from two residents of District 1. The county engineer was instructed to check the complaint and make necessary repairs.

Mr. Kenneth Ball, of the Coffee County Health Department met the commission and explained the programs now in operation through the health department. He told of plans to completely vaccinate the population of Coffee County in a three day period in October. The program is part of the federal plans to head off an expected spread of swine influenza - the kind that killed one-half million Americans in 1917 and 1918.

Ball told the commissioners of other plans for federally funded programs and warned the commissioners his department would be needing additional space when these programs are approved or enlarged.

The commission voted to ask Representative Jimmy Holmes to sponsor legislation to re-identify the voters of Coffee County over a two year period. The reasons for this are the many names on the poll lists years after the person has died or moved away from Coffee County never to return.

Repair to Mr. Frank Miles' pick-up truck was approved. It was damaged due to a hole in the road not being marked.

Approval of travel expense of Tim Byrd, the Youth Service Officer in Coffee County, was given after it was approved by the author.

Tax Collector Max Reeves gave his annual report to the Commission.

Approval was given for paying expenses of all commissioners who attend the State and/or National Commissioners' conventions.

Approval was given to pay the monthly bills and the final bill of the Revenue Sharing Report on plans for \$67,518 in funds.

A motion to borrow \$20,000 for the General Fund from the Enterprise Banking Co. was approved, but with the vote of Commissioner Flournoy Whitman who opposed the action.

The meeting was adjourned until eleven a.m. Thursday.

formation filtering into Elba. Myers was arrested Tuesday afternoon at 5:05 Jacksonville time. The arrest was made by federal agents, who were acting on information given them by the Kebab County, FL Sheriff.

Granham was expected to return to Elba with Myers Wednesday afternoon or early evening.

According to bits of information received by Mr. and Mrs. Lester Funder last Saturday night when the Coffee County CB Club presented them with a check for \$500. The money is to be used to help with the medical bills of their son, up to battle from an attack of

encephalitis. He was struck with the dread sickness last spring (1975) and for months was in a coma but with professional help and mountains of family love is showing very strong signs of recovery.

The Funder family doesn't qualify for federal financial help of any kind they were informed last week. They are slowly paying off hospital and doctor bills and trying to keep up with current bills. Mr. Funder was laid off at the time of Perry's initial illness but has returned to work.

Mrs. Funder told THE ELBA CLIPPER that if it had not been for the good people of the Elba area, "we wouldn't have been able to make it." She said that the glowing look on her face people mention is because of the many acts of love expressed by friends and neighbors, coupled with the hope of Perry's eventual recovery.

The help the Funder's speak of include the wheelchair which was purchased by the Elba Rotary Club and the Elba Lions Club and such acts as a \$100 bill in an envelope last fall from an unknown person just to cite a few. Their concern now is to get a special walker so that Perry may be learning to walk again. They talk of having one built because of the expense of factory made walkers, but somehow the Funder's will get the walker they need - if you don't believe it just ask them. Their faith will make you believe.

The Elba Quarterback Club will hold its first meeting of the school year on Tuesday evening, June 22 at Holley's Restaurant.

The purpose for this meeting is to discuss plans for the coming year and to give all persons an opportunity to meet the new coach, Mac Champion. Some very important plans will be presented and all interested persons are asked to be present.

BRAINSTORMS

With Fern Cox

There is far less talk of "I am going to run for the city council" this week than any week in several months. Folks who made the statements way back realize that say it now means they are candidates, where way back it only meant they were mad with something the council did. We have heard a lot of complaints of the present council as has everyone. If a person was serious about this, now is the time to do something about the whole thing. First get someone you can support to run and then get this person elected. After this happens you can then desert your candidate because he is now a "Lying Politician" and no longer worthy of your friendship and support! None of us admit to this type action but just think back... it ain't uncommon.

The sex scandal in Washington is growing as more and more women try to get in on the deal of selling their story of what is happening in the nation's capital. We assume some of the tales are true but it is very unlikely they are all the truth. The problem for us bystanders is to pick out the truth... or just believe it all.

The excitement of adding some Navy flyers to the training program at Ft. Rucker is all over... Congressmen Bob Sikes of Florida put a stop to the deal. He wants the Navy to train its own helicopter pilots, in his Florida district where they are training now. Sikes is mighty strong or so it seems.

This area of Alabama is without a representative in the Alabama Senate since Senator Crum Foshee was convicted in federal court last week. He and his brother were convicted of "check kiting" and this meant he automatically lost his Senate seat. The question now is will Governor Wallace call a special election or leave the office empty. There is speculation both ways and a whole bunch of folks jockeying for the position if an election is called. There are people in Coffee County who have decided it is time for Coffee County to "take over the office" and people in Covington who are not ready to turn loose. There was a lot of talk at first of someone getting appointed to the job, but apparently that ain't the way it is done. Another side of the coin would be for Foshee to get the conviction overturned and THEN I guess he would still be our Senator.

Sheriff Neil Grantham made a flat statement a few weeks ago that "we are going to catch Billy Ray Myers." I thought at the time he was talking a little too big, but it turned out he was right. Myers was caught Tuesday in Jacksonville, Florida, according to reports and Neil hotfooted it after him. Sheriff Neil was all ready to pick Myers up at any time... even had a set of special chains to insure he didn't run again while returning to Elba.

Several "friends" questioned me about borrowing those fish pictures last week and it hurt my feelings so, I just didn't go fishing this past weekend. However, I am fast getting over my hurt feelings and hope to hit the water again soon. When Dixie Henderson came by with that big catfish, it was tempting to take it to the County Pond but figured everyone else in Coffee County was already there fishing off the same pier with the same bait!

Conservation Clues Alloy Budget Blues

With utilities taking a larger bite out of each family's budget, energy conservation is becoming a part of the American lifestyle. Consumers are learning to read gas and electric meters not only to confirm their monthly bills, but to keep tabs on their energy consumption. Outside of the furnace and water heater, more energy is used and abused in the kitchen than anywhere else in the house. The major energy consumers there are the refrigerator-freezer and the gas or electric range. One way a homemaker can avoid "seeing red" over the monthly gas and electric bill is by using appliances wisely.

Before starting dinner, for example, remove everything you'll need from the refrigerator at one time and broil, bake or boil several dishes at once. The savings in gas and electricity will mount. Another way to save energy—yours and your automobile's—advises the National Kitchen Cabinet Association, is to limit trips to the supermarket to once a week or even every two weeks.

NKCA points out, however, that in order to cut back on the number of times you go shopping, you must have sufficient space to store the family's groceries. Armed with the assurance of ample storage space in the

kitchen, a smart homemaker can stock her larder, especially when there are sales. Canned fruits and vegetables, for instance, can be purchased in bulk. Unlike fresh fruits and vegetables which have to be consumed fairly quickly, the canned variety can be stored for up to three years.

The ability of kitchen cabinets to bear up under the use and abuse of everyday "wear and tear" is equally important. Kitchen cabinets with the NKCA certification seal, for instance, indicate that the cabinets meet the tough performance and construction standards of the American National Standards Institute.

The standards apply to manufactured, factory-finished kitchen and bath cabinets. To qualify for the certification seal, the cabinets are purchased in bulk. Unlike fresh fruits and vegetables which have to be consumed fairly quickly, the canned variety can be stored for up to three years.

Only kitchen and vanity cabinets that meet the ANSI standards are qualified to carry the NKCA seal.

AROUND ALABAMA

Ruby Folson Austin

Aud Lang Syne is a time thing any time of the year, for old acquaintances should be brought to mind. A lot of pleasure can be derived from renewing old friendships... and that's exactly what my daughter, Cornelia Wallace, did a few weeks back.

At Lanier High School where Cornelia graduated, there was a much loved choral director, Mrs. Melba McCorkle. Voices have been raised over the years, as Mrs. McCorkle directed choirs of youngsters for goodness knows how long.

Cornelia felt that Mrs. McCorkle's pupils would like to pay homage to her, so with Cornelia's usual determination, she set about tracing past pupils now scattered to the four winds. All were to assemble on the morning of June 13th.

The whole thing seemed a mystery worth solving. First, I talked with an airline gate-checker. Yes, he thought AIR FORCE 1 had landed, but someone had said it wasn't. He thought some Maxwell Air Force Base cars had arrived and some V.I.P.s from the plane had been taken to Maxwell. Mrs. McCorkle's information officer said no V.I.P.s had come in that day and if AIR FORCE 1 had landed here, it would have landed at Maxwell.

Finally, I talked to the executive officer of the airport. Well, it looked like AIR FORCE 1, but actually it was the back-up plane used by the President if AIR FORCE 1 needed repairs, have flip-flopped in their graves or some such. Yes, it had landed, but no one had gotten off. Why not ask the Delta pilot, for the plane has used some of Delta's rolling steps to descend. Hmmm... and I thought he said no one got off.

Delta was equally helpful. Presumably the plane had not landed at Maxwell because its wheels were flooded. Yes, they'd borrowed Delta's steps. Nobody knew who was on the plane, or got off. What about one of the Delta men who gave them the steps? No one did, he said, as they used their own personnel. Now, how they got that, when their own personnel must have been inside the plane when it arrived... unless Maxwell personnel came running over from that base, to man the steps, for those who didn't get off.

Guess I've flunked as a reporter sniffing out news. But who knows, I may solve this mystery yet. It costs a whopping lot of taxpayer money to keep that big bird flying and I can't think it's just frittered away making landings and take-offs in storms.

Windham's Places 3rd In Ozark Softball Tourney

Windham Power Lifts, of Elba, brought home third-place honors Sunday from the Elba-Palacio Invitational Softball Tourney in Ozark.

The Fritz Jets, of Ozark, won the 11-team tourney, while Ft. Rucker placed second, followed by Windham's. The Dorsey Reds, of Elba, finished fifth in the tournament, while Wise's, also of Elba, finished seventh.

Windham began play at 8:00 a.m. on Saturday, losing to T.R. Express, of Ozark, 18-6. T.R. pushed across nine runs in the fifth-inning to claim the upset win.

The second game Windham's played was a 17-7 victory over Alabama Cylinder Gas, of Enterprise. Windham's jumped into an early 8-0 lead, and coasted to the win. Bill Hall went 5 for 6 to lead Windham at the plate, while Mike Farris aided with a home-run. Windham's next win was an 11-6 decision over Wise's. The two Elba teams played a see-saw game until the sixth-inning, when Windham plated four runs to pull away.

After a six-hour lay-off, Windham's returned to action, and edged the Ozark A's 10-9. The locals led 6-0 after one-inning, but needed an R.B.I. single by Bill Hall in the final frame to push across the winning run.

Windham's turned around and played the next game, defeating T.R. Express 9-8. Windham again took an early lead, but had to hold off a late T.R. Rally to claim the win.

Windham's was finally ousted around 12:15 Sunday morning when they were defeated by Ft. Rucker, 10-2. Rucker led 8-0 after only three-innings, but the locals couldn't dent the scoring column until the final frame, and suffered the loss.

Bill Hall and Byron Hodge, both of Windham's, were named to the All-Tournament team. Dorsey Red's claimed wins over Alabama Cylinder Gas (11-10) Nasco (14-5), and the Daleville Merchants (8-7) in the tourney, while Wise's lone win came over G.E. of Dothan, 23-7.

NBA DRAFT PICKS 5 SEC CAGERS

The National Basketball Association held its annual collegiate draft last week, with five players from the Southeastern Conference being selected.

Leon Douglas, All-American from Alabama, was chosen in the first round by the Detroit Pistons.

Two Sec-players were selected in the second round. The duo was Georgia's Jack Dorsey, chosen by New Orleans, and Butch Fisher, of Vanderbilt, picked by Phoenix.

The fifth round saw Auburn's Gary Redding picked by the Portland Trail Blazers. Also picked in round 5 was L.C. Mason, a 6-11 center from Alabama State. Mason was chosen by Washington.

DORSEY REDS MAINTAIN SLIM LEAD IN MEN'S SOFTBALL LEAGUE

The Dorsey Reds suffered their second loss of the season last week, but bounced back to win on Monday, and still own a slim one-game advantage over Wise's in Men's softball action.

Dorsey Reds record now stands at 12-2. Wise's 11-3. Nasco 10-5, Windham 7-8, Dorsey Blue 5-7, Karpel Kare 5-10, Peacock Drugs 4-11, and Woodland Grove 4-11.

In action last Wednesday Karpel Kare outscored Windham 12-11. Dorsey Blue outslugged Dorsey Red's 8-5. Nasco pounded Woodland Grove 17-7, and Wise's pounded Peacock Drugs 22-10.

Friday night's action was limited to only three games. The opener saw Nasco claim 7-0 forfeit over Peacock Drugs. Dorsey Blue scored almost at will in the second game as they blasted Windham 14-3. Windham led 3-2 after one-inning, but Dorsey shut-out the usually-powerful Windham squad for the remainder of the game to claim the easy win.

Dorsey was led at the plate by Robert Donaldson, who went 4 for 4, including three doubles and a home-run. Ricky Christian and Ricky Compton chipped in with three hits each. Windham was led by Bill Hall and Mike Farris, both of whom went 2 for 3.

W.P. 300 000- 3 6 5
D.B. 232 114 17 2

Friday's nightcap saw Karpel Kare dump Woodland Grove 12-10. Woodland Grove led 5-3 after 2 1/2-innings, but Karpel took advantage of 3 Woodland Grove errors in the bottom of the third to plate 8 runs, and take the lead for good. Karpel's Buck Jackson went 3 for 4 to lead the winners, while six W. Grove hitters collected two hits.

W.G. 041 104 0- 10 15 16
K.K. 308 110 x- 12 8 3

Monday night's opener saw Wise's dump Dorsey Blue 9-5. Dorsey jumped ahead 3-0 early in the game, but Wise's took a 4-3 lead after one-inning, and added four additional runs in the third frame to ice the win. Four players collected two hits for Wise's, while Ernest Tyson and Ronnie Parrish got two hits for Dorsey's.

D 300 002- 5 8 3
W 404 014- 0 13 6

Dorsey Red's opened a 7-1 lead over Windham's after 2 1/2 innings, but had to plate two runs in the fourth frame to claim a 7-7 win. Dorsey came out red-hot, but Windham, rallied with 6 runs in the third-inning to knot the score at 7-7. Dorsey managed only two-hits in the fourth-inning, but scored twice to claim the win. Micky Marler went 4 for 4 to lead Dorsey (including a home-run) while Ricky Mularz and Marvin Smith collected two hits to pace Windham.

D 205 200 0- 0 15 4
W 016 000 0- 7 13 4

Karpel Kare upset Nasco 8-7 in the third game to claim their third straight win. Both teams plated three runs in the opening inning, and after four-innings K. Kare led 7-5. Nasco tied the score at 7-7 in the fifth, but K. Kare pushed across a lone run in the sixth to claim the victory. Buck Jackson and Ronnie Ledard each claimed two hits to pace K. Kare.

N 302 020 0- 7 8 4
K 301 310 x- 8 11 2

The final game Monday saw Peacock Drugs defeat Woodland Grove 10-9. W. Grove led 6-3 after 4 1/2-innings, but Peacock's tallied 7 runs in the bottom of the fifth to push across the runs needed for the victory. Rachel Moore went 3 for 3 to pace Nasco, while Hugh Odum went 3 for 3 to lead W. Grove.

MOTOR POOL

BY GREG BRUNSON CLIPPER RACING ADVISOR

SPORTSMAN FEATURE WINNER JERRY LAWLEY
(Photo Compliments of The Opp Photo Service)

Jerry Lawley (Bessemer, Alabama) driving his big red Camaro, put an end to Jack Young's five week win streak at Twin City Speedway this past Saturday night, but he didn't take the victory and go home without realizing that he had been in a race.

The first race of the evening was the Helmet Dash between the two fastest qualifiers. Lawley nailed down the pole position with a very fast time of 17.24, while Jack Young captured the other spot with a 17.46. When the green flag came out, Lawley grabbed a narrow lead over the home town favorite and held it for all five laps.

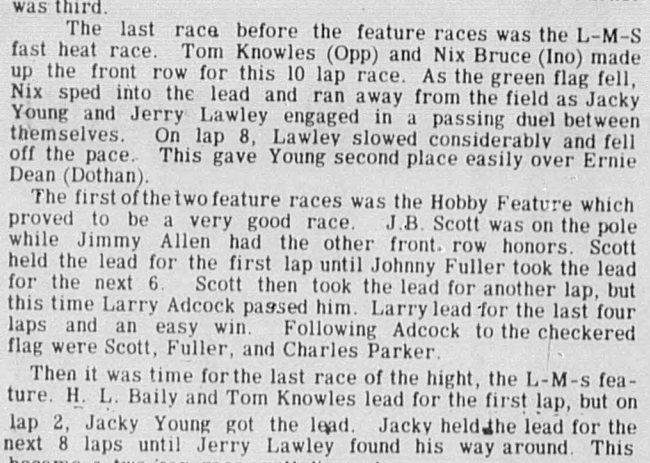

The second race was the Late-Model-Sportsman slow heat race which had five entrants. James Monday had the pole while Kirby Smith was on his right. Alton Boyd passed the two front row cars for the victory. Two yellow caution flags came out in this race, one because of a spin-out by Monday, following Boyd to the finish line were Kirby Smith and Irwin Peronovich.

The third race of the evening was the Hobby Heat race. James Butler had the pole position with Joe Smith on the outside. Scott jumped into the early lead and held it for four laps until Johnny Fuller got around him. Fuller led for the last two laps while Scott finished second and Charles Parker was third.

The last race before the feature races was the L-M-S fast heat race. Tom Knowles (Opp) and Nix Bruce (Ino) made up the front row for this 10 lap race. As the green flag fell, Nix sped into the lead and ran away from the field as Jack Young and Jerry Lawley engaged in a passing duel between themselves. On lap 8, Lawley slowed considerably and fell off the pace. This gave Young second place easily over Ernie Dean (Odham).

The first of the two feature races was the Hobby Feature which proved to be a very good race. J.B. Scott was on the pole while Jimmy Allen had the other front row honors. Scott held the lead for the first lap until Johnny Fuller took the lead for the next 6. Scott then took the lead for another lap, but this time Larry Adcock passed him. Larry led for the last four laps and an easy win. Following Adcock to the checkered flag were Scott, Fuller, and Charles Parker.

Then it was time for the last race of the night, the L-M-S feature. H. L. Bailey and Tom Knowles led for the first lap, but on lap 2, Jack Young got the lead. Jacky held the lead for the next 8 laps until Jerry Lawley found his way around. This became a two car race, with Young trying to find a way around Lawley, but 16 laps later the checkered flag fell with Young 5 car lengths back. Jacky did finish second and gave Lawley all he wanted. Tom Knowles did a fine job of driving to finish third while Nix Bruce and Alton Boyd rounded out the top five. Races began at 8:30 each Saturday night at Twin City Speedway. Many cars have mechanical problems at this time but are expected back soon. So for an evening of clean, family entertainment, bring your family and friends to Twin City just off Highway 52 between Kinston and Opp.

ALL SALES CASH

Dixie Henderson smiles as he holds up a 22-pound Catfish that he caught last Thursday while fishing in the Coffee County Lake. Dixie reported that he was using chicken livers for bait when he landed the "big cat". Dixie caught four (4) more, but said they were just small ones.

Wayne Kidd and his little son show off a stringer filled with 17 trout that they caught last week while fishing in a private pond. The stringer tip-ped the scales at 8 1/2-pounds.

Mrs. Rainer Hosts Pre-Nuptial Bridal Luncheon

Miss Melanie Carnley was honored on June 4th prior to her wedding of June 6th, when Mrs. Helen Rainer was hostess for a luncheon at the home of her mother, Mrs. W. C. Braswell. Roses, gardenias and hydrangeas, blooms arranged in cut-glass containers, decorated the party rooms.

When the guests arrived, Mrs. Rainer served a fruit punch from silver glasses. Two tables, each with places laid for six guests, were beautiful with their pure white linen covers and napkins. Each table held a lovely arrangement of roses in cut-glass vases for a central decoration.

Included in this luncheon were: Miss Melanie Carnley, Mrs. Fleetwood Carnley, Mrs. Paul Morrow, Mrs. Don Brown, Mrs. T. D. Kendrick, Mrs. Agnes Ingram, Mrs. Michael Armenia, Mrs. T. H. Jones, Sr., Mrs. Vickie Flaherty, Mrs. Emily Echenrood, Mrs. Connie Dufford and Mrs. W. C. Braswell.

1926 Graduates Plan 50th Reunion In August

Mrs. Harold Deal hosted a luncheon on June 3rd for 3 members of the 1926 graduating class of Elba High School. Mrs. Deal and the ladies discussed, over a delicious lunch, pending plans for the upcoming reunion of the 1926 graduates of Elba. The reunion is planned for August 12th at the Elba Country Club.

Pictured above (l-r): Mrs. Milton (Vivian Byrd) O'Neal of Andalusia; Mrs. Kirk (Viola Byrd) Allred, of Elba; Mrs. Harold (Doris Lee) Deal, hostess of Elba; and Mrs. Ray (Minnie Pearce) Moore of DeFuniak Springs, Fla.

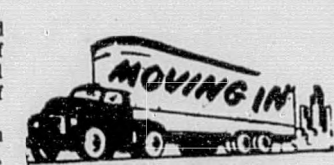

Couple Exchange Vows In Dauphin Way Baptist

The couple left for a wedding trip to New Orleans. They will reside at 3013 Merle Street in Mobile.

Miss Susie Powell And Mr. Phil Farris To Marry

Mr. and Mrs. Roland Powell and Mr. and Mrs. Otha Farris announce the engagement and forthcoming marriage of their daughter, Miss Susie Powell, and Mr. Phil Farris. The ceremony has been set for July 16th at 7 o'clock in the Elba First Baptist Church with a reception to follow in the social hall. Formal invitations are not being sent but all friends and relatives are invited to attend.

New residents to Elba include: Cury W. Golden who resides at 222 B. N. Clanton. He is employed with Camp Elba and is a member of the Southside Baptist Church of Troy where he moved from.

Mr. and Mrs. David Kilcrease are the new owners of D & P Spurr Station located at 220 W. Davis. Elba.

Mr. and Mrs. Eugene Glass and wife, Diane, have one daughter, Patricia, age 4 months, and reside on Rt. 1, Elba.

Culver Post 42 To Host

35th District Meeting

On Tuesday, June 23rd, at 7:30 the Elba Culver Post 42 American Legion and Auxiliary will host the meeting of the 35th District which is composed of 26 posts in Southeast Alabama. State Department and District officers will be in attendance, and bar-be-que plates will be available.

This will be the last meeting before the Department Convention in Montgomery in July.

Commander Haywood L. Grimes and Auxiliary President Evelyn Reeves urge all Legion and Auxiliary members to attend.

Mr. Glass is employed with Bama Mills of Enterprise. Mac and Sandra Champion, along with their 3 daughters, Nancy, Margaret and Carol, are presently making their home on Rt. 5, Elba. Mr. Champion is an Elba High football coach and they move to our City from Birmingham.

Elba BPW Hosts Annual Combined Picnic

The Elba BPW Club was hostess, June 14th, for the annual picnic with the Opp and Andalusia clubs. This tradition was set years ago and it is on a rotating basis. Next year the picnic will be held in Opp.

Fifty-four club members and their guests were in attendance at the Elba Country Club where they enjoyed a delicious buffet meal.

The invocation was given by Mrs. Nellie Martin and Mrs. Sybil Stivers led in the Pledge of Allegiance to the flag. The Elba president, Mrs. Mahle Lawless, and club member, Mrs. Gayle White, extended the welcoming statements.

After the meal, Mrs. Era Andrews, president of the Andalusia BPW Club, gave a short presentation on the U.S. Flag as June 14th is observed as Flag Day in the United States.

Mrs. Jane Walker, of the Andalusia Club, introduced Mrs. Cindy King and some of her dance students who performed several dance routines for the enjoyment of those present. Mrs. King is also a member of the Andalusia Club and is owner of Kings Dancing School of Andalusia and Evergreen.

Those present from the Elba Club were as follows: Mrs. Bettye Adkinson, her husband, Wayne; Mrs. Jo Daniels, Mrs. Carrie Jacobs, Mrs. Mahle Lawless, Mrs. Nellie Martin, Mrs. Jane Morrow, Mrs. Luna Dell Ringo, Miss Joetta Roberts, Mrs. Myrtle Sellers, Mrs. Sybil Stivers, Mrs. Jane Thompson, her husband, Bill; Miss Barbara Turner, Mrs. Gayle White, Miss Shirley Tucker.

Mrs. Eula Chancellor, Miss Sue Griffin, Mrs. Wanda Corley and Mrs. Myra Kelley.

KING'S DANCING SCHOOL STUDENTS

NEWS from your PHARMACIST

By: Kris Scarborough

The light is dawning on a new decade in American history and now is a good time to take a careful look at your medicine cabinet. Throw away those old partially-filled bottles of medicine that you have been saving. Just in case you should have that particular ailment again. Old medicine should be discarded.

There is always the element of chance that a child, or perhaps some other adult member of your family, might accidentally take some of the medicine with harmful side effects. Medicine is prescribed for one individual, and is not something to be passed around. See your family physician if you think that you need medication. Only he is qualified to prescribe.

And, only trained pharmacists are qualified to fill these prescriptions. Our pharmacists use the utmost precaution when filling your prescriptions. Your health is our primary concern. Drop by anytime. You don't have to have a prescription to browse around.

Eight Named To ESJC's Dean's List

A record number of students were named to the spring quarter dean's list at Enterprise State Junior College, according to figures released today by Joseph Talmadge, dean of instruction.

Talmadge said 192 students qualified for the dean's list. To qualify a student must be enrolled full time (12 or more quarter hours), and maintain a B plus (3.50) or better grade-point average (GPA) during the quarter (4.00 is all A's).

Fifty-nine students have made the list three or more times. They are: Martha Ayers, Verlon Brooks, Ronnie Dean, John Rainey, and Billy Williams from Kinston.

From Elba: Jerry Bell, Tammie Brunson, Carol Lowery, Kathy Mack, Dianne Smith, Gloria Stewart, Ronnie Tucker, and Anthony Windham.

Fashion FORECASTS

WHAT TO EXPECT

A Fair Way To Fashion

There's good news for men who like to lead the sporting life: sports clothes are more comfortable—and more fashionable—than ever. It's the thing just about every where you'd want to wear them.

For modern men, sportswear is coordinated, casual and worn almost everywhere.

One way to join the club of the fashionably casual is to wear sportswear from a collection that can make a man at least look like a pro. In the months ahead, shirts and slacks made to be mixed and matched are highlighted by such details as accent stitching," according to Burton B. Ruby, the nation's largest manufacturer of men's quality slacks and a pioneer in sportswear.

The slacks are from the Cary Middlecoff line of day-mar-Ruby sportswear and feature flared bottoms. In dark blue, they're 100 percent polyester. They may also want to check out the tailored knit shirt with the blue check design, or the pale blue shirt with the top stitched long pointed collar and matching pocket trim.

Now, gentlemen of leisure can dress in clothes that can increase their pleasure in playing.

More than 300,000 jobs for teen-agers were priced out of the labor market by the recent hike in the federal minimum wage, according to a report by the Center for Study of American Business.

COFFEE CONSERVATION
BY: Hughes Clark & Faulk

NO TILL ON THE UP SWING

With increases in the price of fuel and the demand to compete, farmers are searching for faster more efficient ways of handling their crops. Because of the growing demand for food, it is required the taking in of land not suited for conventional tillage methods without extreme erosion.

And especially with the droughtiness of our soils in Coffee County "No Till" or minimum tillage methods are becoming more popular.

By the year 2000 it is predicted that farmers will be planting 80 percent of their crops under some type of minimum tillage program. Under the no-till method the farmer

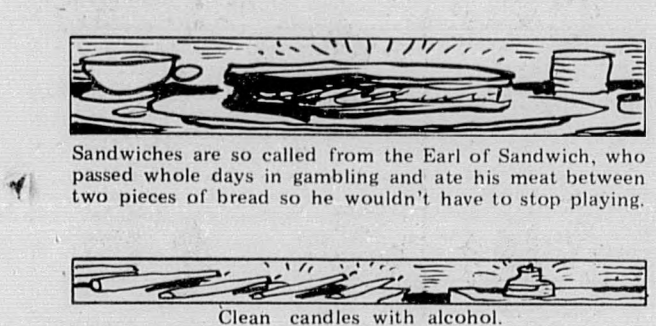

saves time, fuel, and gets better yields. The moisture is higher under the thick and tenacious residue which would be reduced 75-80 percent by the turn of the century which will meet the anticipation requirements of the future. By decreasing the sediment into the streams everybody would benefit.

No-till is a method of the future but it is a method available to farmers today. If you have any questions about no-till contact your local Soil Conservation office in New Brockton.

All over the county the rains have caused a great deal of damage to terraces. Where the fields were planted up and down the hill these breaks appear at every other row. As was seen in 1975 and again this year, the cost of straight rowing is high. Some farmers say they save time and money on straight rows—these are

HEALTH INSURANCE - - -

New York Life, pioneer of many new features in the Health Insurance field, offers a modern line of policies. Let us tell you about them.

F. Doug Donaldson, Jr.
New York Life Insurance Company
203 East Lee St.
Phone 347-8888

That is taken up the roots and then kills a number of insects. Follow these instructions:

Plant systemic insecticides may be used effectively during May and June to protect woody ornamentals from damage by many of the sucking pests as aphids, thrips, scales, spider mites, mealybugs, and whiteflies. The two systemic insecticides recommended for use by homeowners are dimethoate (Cygon) and 2 percent disulfoton (Di-Syston) granules. Systemic insecticides should be used only on plants listed on the respective container labels. Some plants or varieties are susceptible to injury, while others may not absorb and translocate the insecticide effectively.

Twenty-one Coffee County Senior 4-H Club members and leaders are at the National 4-H Club Center in Maryland this week. The young people will spend the week along with over 500 other 4-H Club members from throughout the nation seeing first hand how our government works.

About half of the week will be spent visiting in the Senate and House. They will also visit Congressmen, Dickinson, Allen and Sparkman. The young people were accompanied by Mr. and Mrs. C.D. Lowery of Zion Chapel and Mr. and Mrs. Eddie Coffey of Enterprise. Four-H-ers attending are Nancy Helms, Kathy Maddox, Randy Wilson, Lisa Lowery, Randy Wilson, Lisa Strickland, Kenny Brunson, Barbara Middleton, Debbie Middleton, Louise Watson, Charles Ray, Tommy Holley, Sophia Johns, Stephanie Johns, Tony Johns, Nancy Lunsford, Walter White.

your money's worth—from an appliance, read the instruction booklet thoroughly before turning the switch on.

After reading, file instructions where you can find them.

STEAM IRONS

Is your steam iron clogged? If so, you might try this method of unclogging it. Mix one teaspoon of Calgon with one cup of water and pour into the iron. Set control to "Cotton" and shake the iron over the sink to circulate mixture. Leave in for 15 minutes, then drain and fill with tap water. Let stand again, then drain and rinse two or three times.

with a strong dishwashing detergent and dry thoroughly. Dip the rubabags in and out of the wax mixture. Let dry.

BABY CRIBS

A crib is one of the few places where you can leave your baby and not worry about him—right? Only if you are sure that the crib is really safe. Flimsy plastic coverings, harnesses, zipped bags and pillows can smother or strangle a baby. Be sure that there are no hazards like these in your baby's bed.

And see that the mattress is firm so that your child won't smother when lying face down. Check baby's playthings for safety, too. Choose large toys that are tough to break, have no sharp edges and points, and contain no small parts that can be broken off and swallowed.

SAFETY

About 18 years ago I almost got drowned at the beach by being careless. We were camping a group of course 4-H Club members. One of the girls got a little too far out in the water. There was a partial undertow. Two boys tried to help bring her in, but they could not do it. Thinking that I could do everything, waded and swam out to her and told her to hang on to me and told the boys to swim in.

To make a long story short, she could not swim and rather than holding on to me she tried to get on top of my head. Water, undertow and near exhaustion, both of us were about to drown. Fortunately we had selected a place to swim right in front of the lifeguard. We could not last over 10 more seconds. The lifeguard saw we were in trouble and came out and got her. Everyone worked out fine.

My advice is don't ever underestimate what that water at the beach or farm pond can do. It is a killer. Folks who want to live will have healthy respect for the water.

What can be done if your dog is bitten by a poisonous snake? The USDA has recently licensed the first antivenom for treating dogs bitten by rattlesnakes, copperheads, cottonmouths, water moccasins and related snakes, says Dr. Worth Lauer, chairman of Extension's environmental health division.

Lauer says the new product is identical to the antivenom used to treat humans for snake bites. It's restricted to snake bites. It's restricted to use by or on order of licensed veterinarians.

Antivenom is processed from the serum of horses immunized with the venom of several poisonous snakes. When injected intravenously, it neutralizes the venom present in the victim.

Tests by 16 veterinarians got successful results with dogs having mild symptoms and about 40 percent recovery for dogs with acute symptoms.

Te get the best use—and all

Would you try to make a new recipe without first reading the directions? Of course not. Yet, many homeowners do about the same thing by not reading the instruction booklet before using a new appliance.

The results can be broken or bent parts because you don't know how to operate or clean the new appliance.

You can ruin an appliance by using it the wrong way. Blenders, for example, can be permanently damaged if you use them to crush ice. You can short out the wires by putting certain appliances into water. And you can miss out on some of the special features of an appliance by not reading the instruction guidelines. Some homeowners never use sewing machine features, an automatic oven timer or other conveniences because they don't know how to work them.

Te get the best use—and all

DU-TER

How to Fight Leafspot and Save \$2 per Acre.

The answer is DU-TER®—the heart of a great new leafspot program for your peanuts. DU-TER is the tough, no-resistant fungicide you can use • Alone • Or in alternation with BRAVO®.

Either way, your peanuts will provide high yields at the least cost per acre. Growers throughout peanut country have consistently achieved high yields with DU-TER and at a cost nearly \$2 less per acre per application than BRAVO.

And last year, more than 30 large scale commercial tests showed there was no significant difference in yield when crops were protected with DU-TER. DU-TER alternated with BRAVO. Or BRAVO alone.

DU-TER offers these extra benefits, too. University tests show DU-TER suppresses spotted mites. Other university tests show DU-TER with sulfur provides a better pod at harvest. Keep the heart of your peanuts beating strong—and healthy all season long. Spray with dependable DU-TER fungicide. A product of Thompson-Hayward Chemical Company, is available from most agri-chemical dealers.

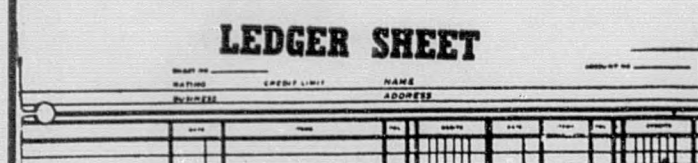

Air conditioning?

Don't just melt away. Breeze over to the Yellow Pages, and find where to get the cool of your dreams. For anything at all—it's there at your fingertips when your fingers do the walking through the Yellow Pages.

THE ELBA CLIPPER JUNE 17, 1976

Eddie Crawford Grows Raddish

Eddie Crawford is shown with a large raddish he grew in his garden with his father, Eddie. Eddie made the statement that he didn't believe anyone in Elba could grow a larger - better raddish than this one of his. Young Crawford had a little help or advice from his father, Bill Crawford.

The Alabama Heart Association held its Annual Awards Luncheon on May 13 in Birmingham. Coffee County Unit was awarded as one of the top fifteen units in the state. Dr. Forrest E. Ludden, Chairman of the Board of Directors (I) is shown presenting the award to Jay Boland, Heart Fund Chairman, who represented Ira Hartwell, President of Coffee County Unit.

Mr. B. F. Foreman, Diesel and Heavy Equipment Instructor, Mr. R. C. Dorsey, Business Manager, Mr. Raymond Chisum, Dean of Instruction, and Mr. E. C. Nevin, President, MacArthur State Technical College, study plans for the new Diesel and Heavy Equipment facility.

MacArthur State Technical College has been allocated \$185,000.00 of bond issue money to be used for the construction of a new Diesel and Heavy Equipment Building.

The brick and block facility will be 56' X 110', a total of 6,160 square feet. It will be equipped with pits, monorails, electric hoists, and exhaust systems and will be big enough to accommodate very large pieces of Diesel equipment.

A \$16,000.00 complete Diesel fuel injection system has already been purchased and is ready for installation. Construction of the facility is expected to begin in the near future.

Our family would like to thank every one for all the kindness shown to us in the sickness & death of Jimmie Lee. The friendship, prayers & food brought and served meant so much. God has been good to have given us friends like you. A special thanks to Dr. Crook. May God bless everyone in our prayer.

ERLENE POOL & FAMILY 6/17/76.

We wish to express our thanks to each and everyone for the kindness shown to us during our recent bereavement. Thank you for the food, flowers, cards and visits. Words cannot express our sincere feelings for these loving acts. May God bless each of you.

THE FAMILY OF ED KENDRICK 6/17/76.

Airman Richard A. Edwards whose parents are Mr. and Mrs. Lincoln P. Gaborik of Rt. 2, New Brockton, Ala., has been assigned to Eglin AFB, Fla., for training and duty in the U.S. Air Force administrative field.

The airman, who recently completed basic training at Lackland AFB, Tex., studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman Edwards attended New Brockton High School.

Airman Donald M. Smart whose parents are retired Army Staff Sergeant and Mrs. Jack Smart of Rt. 2, Elba, Ala., has been assigned to Chanute AFB, Ill., after completing Air Force basic training.

During the six weeks training at Lackland AFB, Tex., the airman studied the Air Force mission, organization and customs and received instruction in human relations.

Airman Smart will now receive specialized training in the aircraft maintenance field. The airman is a 1973 graduate of Elba High School. His wife, Linda, is the daughter of Ben Keeble of Millbrook, Ala.

LET'S TALK ABOUT OUR TEENS

TEEN MUSIC & OTHER NOISES
 Chief M. W. JOHNSTON
 Elba Police Department

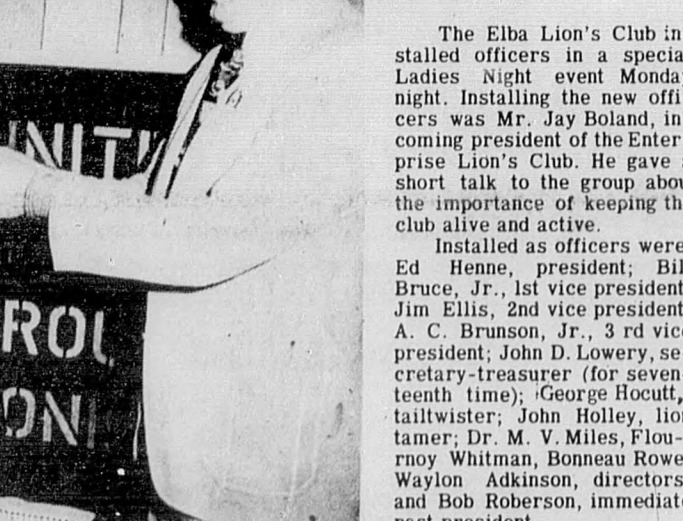

What possible connection could there be between popular teen music and law enforcement? Any officer will tell you that "Disturbing the Peace" often involves teens playing their music at audio levels which frequently rattles doors, windows, even minds, and generally drives neighbors up a wall. Thus, law enforcement and teen music come into direct confrontation. And just as often, this can be the beginning of the development of an uncooperative attitude toward rules and laws in general. It is not news to parents to say somewhere around the time a child turns 13 he is attacked by what seems to adults to be a strange music bug. On reaching this age, he is privileged to enjoy a type of music dating back to the stone age, when man beat on rocks to break the boring silence of simple existence. At this point the youngster is trying to subconsciously break the home ties, and if the parents show disgust and repulsion, he makes his first break from parental control, making new associations with outsiders who accept those things - music and otherwise - in which he finds enjoyment.

Granted, to most adults modern teen music is not dissimilar in its affect than a calisthenic overdone on an empty stomach two hours before church, but to forbid this and other popular teens likes and dislikes in the home can have an adverse result. The less the parent can tolerate the further away from the family circle the teen will stray in his search for acceptance, understanding and approval.

There is a fine line between "tolerate" and permissiveness. A parent can adjust to hearing the type of music teens enjoy, while at the same time demanding that sensible volumes in use be observed to spare the neighbors and their own tranquility. Parents can accept, even promote, teen parties in the home - with all the noise that accompanies - while insisting the rights of peace for others in the family and people living close by are not infringed upon. The parent unable to adjust to the noises of teen living, sets the stage for building barriers in all other areas of teen/parent relationship. Setting rules and seeing to it they are observed is once again the key to successful handling.

We in this department appreciate what you are going through while raising your teenagers and will always make your job easier whenever this is possible. We solicit your cooperation with this department where teens are involved, to make local law enforcement a smooth functioning process and an accepted way of life. Such cooperation will make your teen's growing up years much more enjoyable and a fond memory when reaching adulthood.

Officers Are Installed By Lion's Club

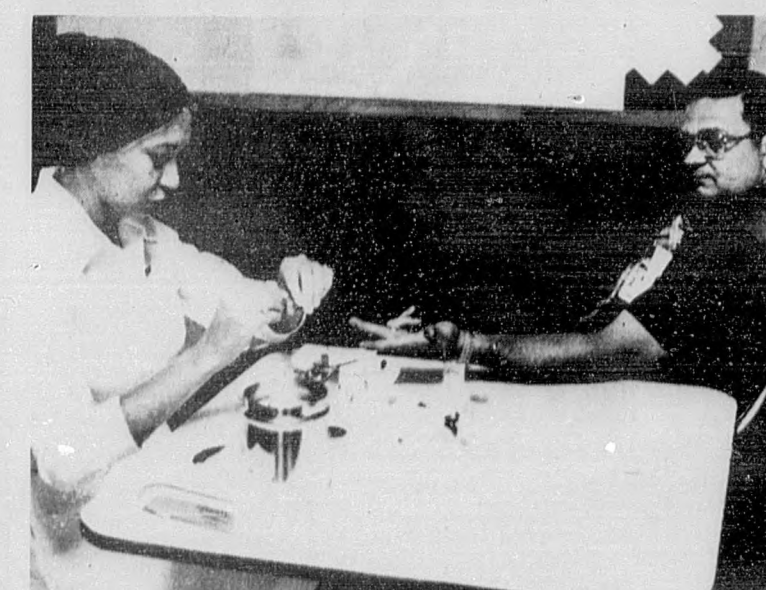

Ed Henne, left, installed by Boland.

Wreck Claims Life Saturday

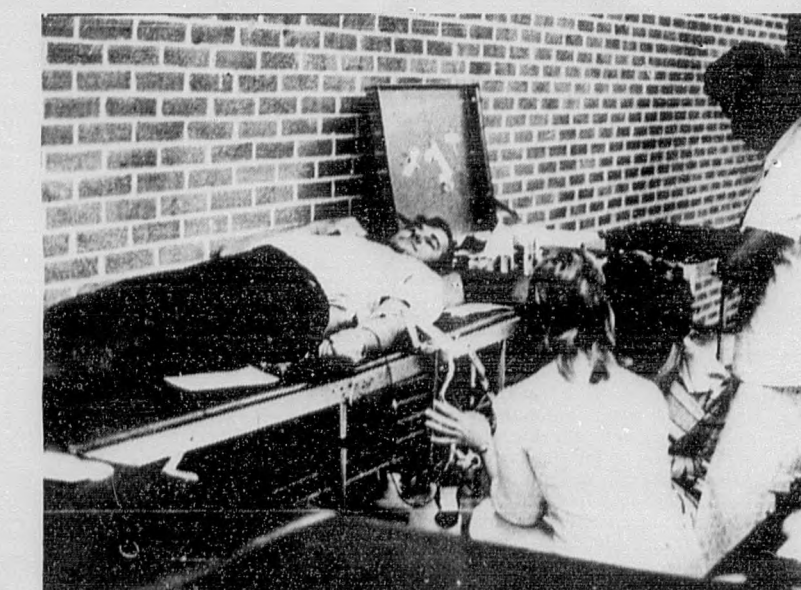

A two car accident Saturday afternoon claimed the life of Mrs. Beulah Carter. The accident occurred about three miles from Elba on the Taylor Road. Mrs. Carter was driving a 1973 Chevrolet which collided with a 1971 Buick driven by Mrs. Dianne Pope Taylor. Mrs. Taylor was taken to the Elba General Hospital by the Elba Rescue Squad.

The accident happened about 1:35 p.m. on a rain slick road, according to State Trooper R. W. Whitworth. According to Whitworth, Mrs. Carter was killed instantly. He also noted that excessive speed was not a factor in the wreck. Mrs. Carter was traveling toward Elba and Mrs. Taylor driving away from Elba when the cars collided in a curve, at the bottom of a hill.

DISTRICT LEGION OFFICERS INSTALL

The district meeting of the American Legion and Legion Auxiliary was held Tuesday night in Elba. The joint meal of bar-b-que began the meeting. The group was then welcomed to Elba by Mayor Sam Sawyer.

Following the joint meeting, the Auxiliary ladies moved to another room to install their new district officers. The installation was done by Mrs. Annie Lou Sampley, of Ft. Deposit, State President.

The Legionnaires elected new officers at the Tuesday meeting. Named Commander was Robert Q. Carter, of Troy (member of the Goshen Legion). He was installed by State Department Adjutant Dawson Lynn.

New Legion District Commander Robert Carter, center, is being congratulated by outgoing commander Lennie Ellis, left, Brundridge and Dawson Lynn, right.

CANDIDATES TOTAL 18 IN CITY RACES

More names have been added to the list seeking public office in the City of Elba. The qualifying just over one week old, there are eighteen candidates for the six incumbents (mayor and five council seats).

Five of the six incumbents qualified for re-election on the first day of qualifying. The sixth, Councilman Virgil Coleman has announced he will not be a candidate for another term.

In the mayor's race, incumbent Sam Sawyer is opposed by Robert Folsom and L. F. Inman. All three qualified the first day and no others have come forward at this time, even though the air is full of rumors of additional candidates.

Incumbent councilman Ronnie Vaughan is opposed in his quest for re-election to Place 1 by Jimmy H. Hudson and John Shipman.

Wayland Sharpless was appointed to a vacancy in Place 2 and is seeking election to the spot for a full four year term. He is opposed at present by Hoyt Rhodes.

Place # 3 is being sought only by incumbent councilman Charles Ellis. At press time there was no challenger who had qualified against him.

The largest number of candidates in the race have qualified for Place # 4 being vacated by Councilman Virgil Coleman. There are five candidates for the office at this time. They are (in order of when they qualified) Ethan R. deaux, Jr., Ken Mace, Ray Trammell, Earl McCollough and D. M. (Dud) English.

Qualifying the first day in Place # 5 was incumbent Ben Carpenter. He was also the first to draw opposition. At press time there were four candidates in this race with Carpenter, Marvin McCollough, Jimmy Bush and Mrs. Refina Grimes completing the list. Mrs. Grimes is the first woman in recent years to run for city office and is presently the only woman seeking election this year.

Mrs. Grimes was asked last Friday her reasons for running. She answered, "I am a civic minded person and think we need unity in our town. There are improvements that can be made in every walk of life if people work together. I offer myself as a candidate."

The on-going Cancer Detection Clinic will be held this month on Thursday, June 17th. The examinations at this clinic include a Pap test and instruction in self-breast examination. Those patients whose medical histories reveal the presence of high risk factors are offered an endometrial washing (the Graville test) which is conducted by paramedical personnel (specially trained nurses from the State Health Department).

She also a few minutes for your annual check-up today. Call the Elba office of the Coffee County Health Department at 897-2523 for your appointment now!

New Brockton Miss Is Spelling Champ

Miss Jennifer Nolin recently returned from Washington, D. C. where she participated in the 25th Annual National Leadership Conference. The all-expense paid trip was held during the week of June 16-20. Jennifer was one of 56 FBLA members from the State of Alabama participating in the spelling relay. She and her three member team placed 3rd in National competition. The spelling contest lasted for 3 hours with Jennifer spelling 2nd of 3 of these hours. First place winner was Wisconsin.

A plaque inscribed with the spelling relay, she and her three member team placed 3rd in National competition. The spelling contest lasted for 3 hours with Jennifer spelling 2nd of 3 of these hours. First place winner was Wisconsin.

With California as second, Jennifer just completed her junior year at New Brockton High School where she is a member of the New Brockton FBLA under the sponsorship of Mrs. James Maddox. She is the daughter of Rev. S. L. Nolin, New Brockton.

A plaque inscribed with the spelling relay, she and her three member team placed 3rd in National competition. The spelling contest lasted for 3 hours with Jennifer spelling 2nd of 3 of these hours. First place winner was Wisconsin.
